E-mail Constructions@mkc-in.com

Since we first existed in the mid-Nineties of the past century, by creating our first company, we firmly aimed high and believed that the sky is our limit, we carefully focused on our objectives to create and build an integrated group of companies and institutions that work together, collectively and jointly, to deliver high-end construction projects, we invested in our youth and local caliber by building, developing and polishing their capabilities to get the best out of them, and motivate their initiatives and creativity, we utilized these potentials for development and production, in order to support building our country and pushing it forward to reach the distinguished position that it deserves among other nations.

Since then; we knew that this is not going to be an easy journey, nor a simple wish, hence we dedicated ourselves to success, worked hard, day and night, gave it all what it takes to come true, and never missed a chance to pursue our targets.

Today; almost thirty years later, we look behind and see a remarkable achievement that makes us truly feel proud of ourselves and our work. We see a progressing country that we measurably participated in building and developing, we see a hospital here and school there, a residence in this neighborhood and a power station in that village, and we see those young men and women who joined us years ago with their dreams, motivation and enthusiasm got older with sharpened skills and refined characters, they became leaders and decision makers. We see more than twenty well-established institutions that invest, plan and implement, as one big family. We see more than six hundred smaller families which sent us their members to become part of our bigger family.

We become more confident that we are on the right track, and journey has just begun.

General Manager Message

VISION

Our Company began its history with the primary goal of building a general contracting, general trading and engineering solutions providing firm that would truly exceed client expectations. Today, Our Company is recognized as one of the nations' premier General Contractors. Our Company is a General Engineering/ General Building Company which is fully licensed, insured, and bonded allowing us to work in shopping malls, strip centers, hospitals, office buildings, as well as perform ground-up construction.

Our Company has built, expanded and renovated numerous buildings, civil structures, electrical and mechanical works, oil & gas pipelines and roads. Over the years Our Company has constructed and managed a wide range of projects including living housing, schools, warehouses, restaurants, medical buildings, office complexes, road sections and oil & gas pipelines and facilities.

Our Company understands the time-critical nature of commercial, office, retail, and health-care projects and has the experience and resources needed to meet aggressive, fast-track schedules while still delivering a high-quality finished project.

General Manager

Meeting of Experiences and Unity of Goal

■ 2015 Marwad Al-Khalij For General Constractions

Our company began to work individually, then united four companies (ARYAF ALBASRA - QIMAT ALABDAA- ALMRWAD - MERWAD ALKHALIJ) of different nationalities to be one group includes the different specialties, (construction, supplying, general services, oil services, trade, Maritime transport, etc.)

**In Order to be an Executive and
Technical Strength and Qreat
Technique**

**Great successes
Based on the
experiences of
a great**

OUR SUCCESSES

- What was done by our Company is an evidence on the development and efficiency that has, the secret of this success is the inveterate and wide experience which was practiced by our Company in the related fields, as well as the ability of its staff of experts and engineers on the faithful performance of their duties, the works assigned to them with best quality, the collaboration between the staff and the managers of the Company's departments as well as the efficient management was one of the biggest reasons for success. Our Company has built a bridge of confidence between it and their customers.

Company has built a bridge of confidence between it and their customers.

- Our Company has a group of technical competencies required by the phase of construction and reconstruction in Iraq putting it in a unique position.

- This success has contributed in the wide celebrity for our Company

at the global level making it deals with international companies in the field of oil and gas, construction and trade.

OBJECTIVES

One of the best to be pointed out in our group is our competent and distinguish personnel which is concluded by great deal of employment applications requests to be employed by our company of which we have selected the best qualified and the most suitable and efficient sincere ones who proved that the company's success is the goal they sought.

Therefore we aspire to be your partners in building our beloved country ... you will find us trusted partners ...

The main services Almarwad Group provides to its clients are:

- General Contracting
- General Construction
- Civil Works
- Design-Build Projects
- Consulting & Engineering Solutions
- Rental of Construction Machinery and Equipment
- Sanitary Water Supply
- Oil & Gas Facilities and Pipelines
- Provision of Diesel Fuel
- Supply of Electrical, Mechanical, Chemical and Other Materials and Equipment
- Investment & Real Estate
- Catering

GENERAL CONTRACTING

When a company is hired as a general contractor, it means, that the company becomes responsible for the means and methods used to execute the construction within the project's established parameters.

We give every project the same time and attention to ensure high-quality construction for the best value, because we want every owner to be completely satisfied.

There's nothing "general" about the Almarwad Group approach to a project: You pay for a specific vision, and we pay specific attention to ensure that your vision is realized.

PROJECT MANAGEMENT

Whether you are looking for a full scope tenant fit out, renovation or addition to your existing facility, Almarwad Group will oversee the management of the entire project. We provide expert recommendations that will garner the most value from your construction and maintenance budget. Our scope of services we offer to our clients encompass:

- Owner Representation/Consulting Services
- Site Evaluation
- Concept drawing/Budget estimates
- Value engineering

CONSTRUCTION

Almarwad Group has provided our clients with effective construction based on our wealth of experience in building. Almarwad Group is well adept in all genres of construction from base building and commercial renovation to full scope tenant fit-out. Our professional capabilities encompass extensive multi-disciplinary work in mixed use developments, civil infrastructures improvements, public work facilities and commercial building construction.

Our commitment to utilizing advanced technologies in estimating, value engineering, scheduling, project management, document control, cost control and supervising a dedicated labor force, makes us a company above all others!

CIVIL INFRASTRUCTURE

Healthcare

From ambulatory surgery and cancer centers to replacement hospitals and intensive care units. Almarwad Group has successfully delivered a wide variety of health care-related projects. Their completed projects range in size and scope, and include vertical expansions, additions and renovations and green-field facilities.

CIVIL INFRASTRUCTURE

Education

Almarwad Group is providing preconstruction and construction services to clients from Kindergarten to Higher Education. We have completed numerous education work and have the people, programs and procedures in place to meet stringent customer requirements. From public schools to private institutions, our firm has successfully delivered a wide variety of educational facilities on time and within budget.

CIVIL INFRASTRUCTURE

Entertainment-Sports & Leisure

Almarwad Group has an extensive history of successfully completing stadiums, aquatic centers, museums, theme parks and large-scale retail and dining facilities. Whether it is a themed attraction, a clubhouse, an arena or aquarium, we have the knowledge and experience to take a project from concept to completion. As one of the preeminent design-build firms, we work collaboratively with our entertainment/sports and leisure clients, designers and consultants to ensure that value is built into the drawings and realistic budgets are established and met.

CIVIL INFRASTRUCTURE

CONSTRUCTION OF ROADS AND HIGHWAYS

We are instrumental in offering Construction Of Roads And Highways to our customers. The construction is done using supreme quality raw material and technically advanced machines. These services are executed by our trained and qualified workers and a group of engineers. We are able to make detailed layout and drawing of roads and highways. We also construct building of bypasses, highways, roads, internal industrial roads. Further, we render stone-paving, dressing with metallic, tiled pathways beautifying with trees, concrete, bituminous, brick tiles, tremix, plants and hedges.

DESIGN-BUILD

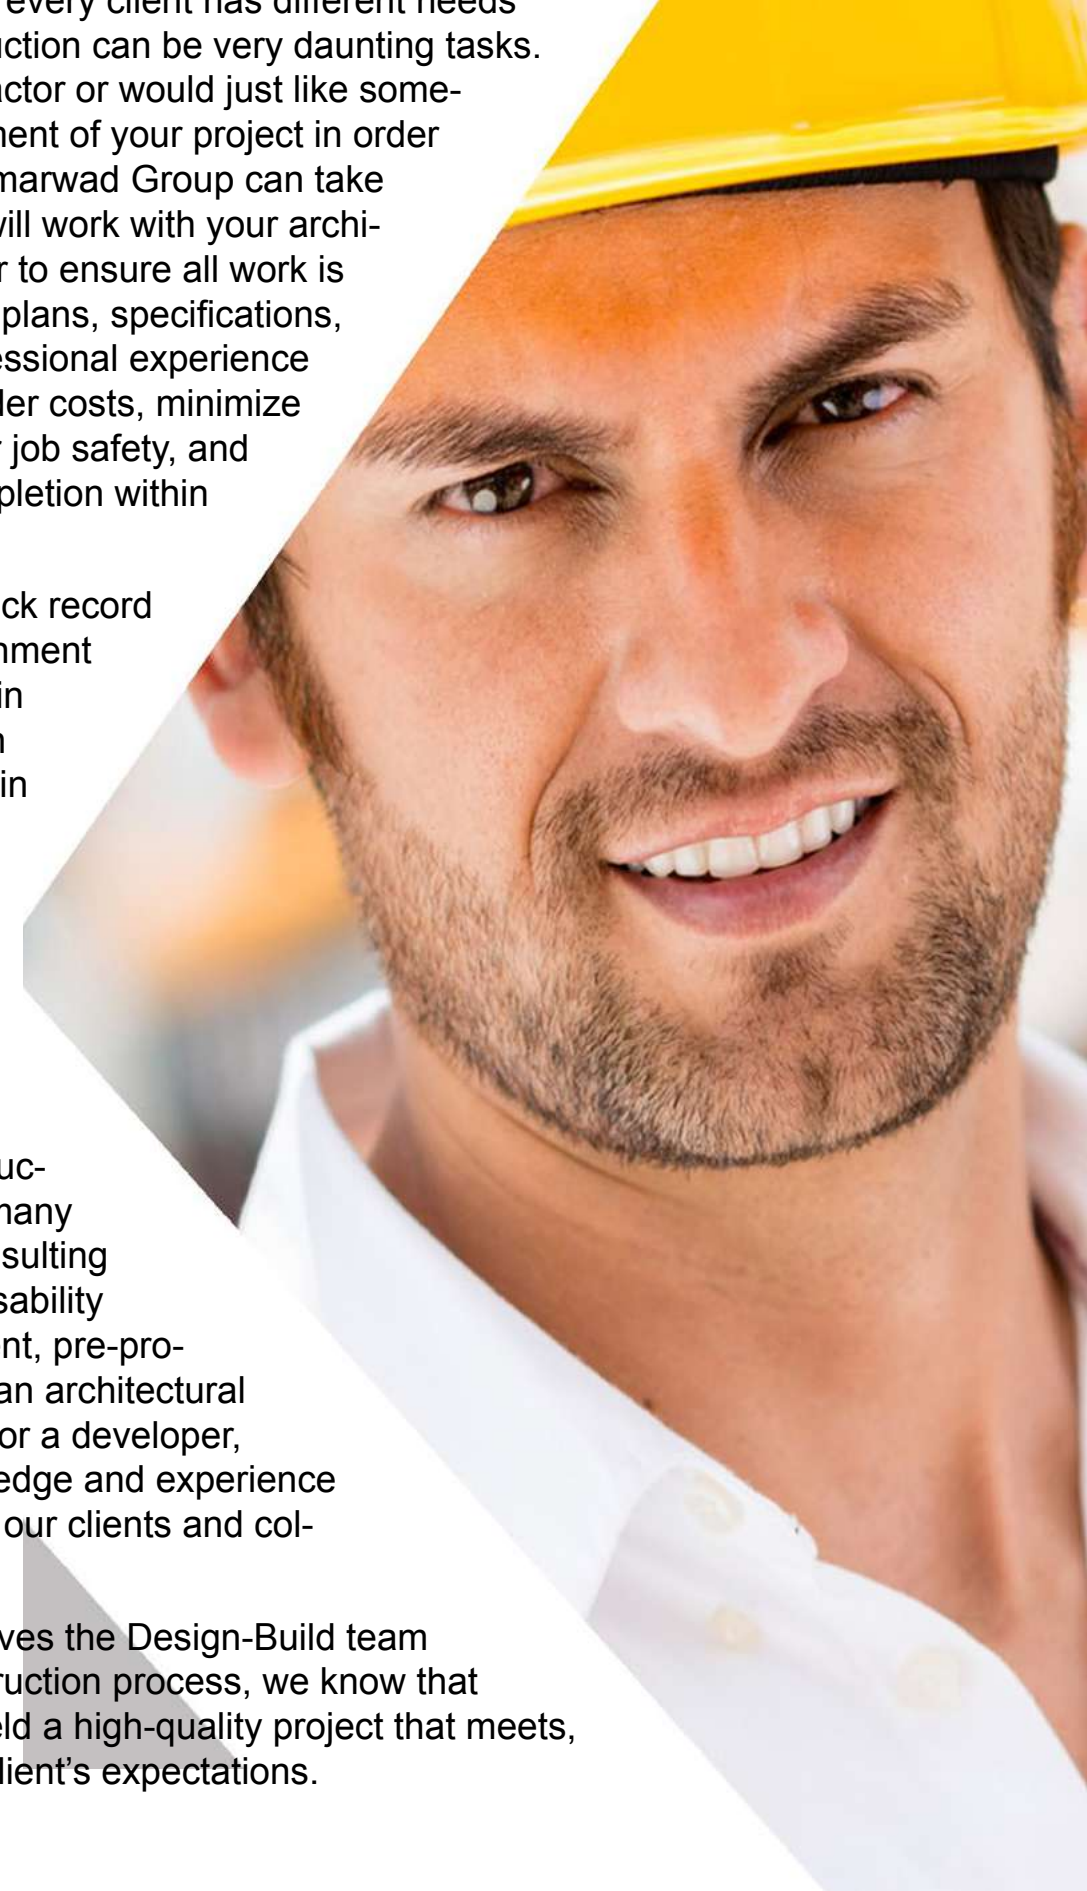

WDesign-build refers to an approach where the client works with one point of contact from design to completion rather than a number of architects, engineers, subcontractors and suppliers. Using the Design-Build approach, the contractor provides design and construction services as a single point of contact. Working together in a Design-Build arrangement, the project team can successfully reduce the overall project timeline (from design to completion), increase the efficiency of the construction process, and often reduce the overall cost of the project.

Almarwad Group realizes every client has different needs and that design and construction can be very daunting tasks. If you already have a contractor or would just like someone to handle the management of your project in order to protect your interests, Almarwad Group can take over the reins for you. We will work with your architect and contractors in order to ensure all work is completed according to the plans, specifications, and job schedule. Our professional experience can help reduce change order costs, minimize mistakes, implement proper job safety, and ensure on-time project completion within your budget.

Based on a successful track record with well-established government relationships and practices in place, Almarwad Group can provide a competitive edge in representation our client's best interests as they relate to local governmental affairs, client representation, entitlements, permitting and utility support.

As an experienced construction company, we're given many opportunities to provide consulting services. Whether it's a feasibility study for an institutional client, pre-programming partnership with an architectural firm or estimating services for a developer, we've channeled our knowledge and experience into a valuable resource for our clients and colleagues.

Even though the owner gives the Design-Build team much more control in construction process, we know that this delivery method can yield a high-quality project that meets, and even exceeds, all our client's expectations.

OIL & GAS SERVICE

Almarwad Group safely provides a comprehensive scope of construction services for the oil and natural gas industry. Almarwad Group is redefining the turnkey process by bringing full engineering, procurement and construction (EPC) services plus specialized skills and unmatched resources to the pipeline lifecycle. Oil and gas companies choose us for our extensive knowledge, expansive resources and unmatched scope of services. As the industry leader for infrastructure solutions, Almarwad Group has demonstrated its value to effectively manage time constraints and work in uncharted territory.

Pipeline Construction

Almarwad Group construction capabilities span any length or diameter. The company’s reputation as the premier cross-country pipeline contractor was built on its capability to manage and execute multiple spreads in the toughest terrain. Through Almarwad Group team of operating companies all construction can be completed turnkey from mechanized welding to pigging.

Even though the owner gives the Design-Build team much more control in construction process, we know that this delivery method can yield a high-quality project that meets, and even exceeds, all our client’s expectations.

Gas Distribution

Almarwad Group underground capabilities span Iraq and provides support for gas distribution in the following areas record management, permitting, underground installation, joint trench, system upgrades, design build capabilities, maintenance and emergency response.

Pipe Transportation & Logistics Management

Almarwad Group specializes in pipeline logistics such as pipe transloading from rail spur to yard or yard to right-of-way, pipe storage and racking, and yard identification, preparation and maintenance. This customized logistical plan gets the pipe where it needs to be – from the mill to the stringing line – via rail, barge and road.

Our Company relies on a group of technical specialized manpower in engineering and technical areas that provide technical and logistical support to the management of the Company to enable it to implement larger projects with a high degree of success.

The Company's management is keen to appoint competent staff including them in an integrated team leading a series of repeated successes in the completion of projects . The Company's technical team is represented by a group of engineers, technical competences (architectural , civil , mechanical , electricity ,computers , telecommunication , agriculture) in addition to other technicians in various fields (surveyors , drivers of heavy vehicles, technicians, welders , and others) . as well as to the management team, which represents the logistical support to the executive bodies in the workplace (engineering consultants , administrators in various fields , legal advisers , accountant , work monitors, security men)

This is the secret of success in the work of our Company

With respect to building construction, our own work forces have the ability to perform all earth work, concrete work, steel erection, carpentry, drywall and other works, related to our services. Our team has also specialists in installation of specialty products, equipment and heavy machinery mechanics, as well as catering specialists. It is our philosophy that we are better able to manage the construction process, affect efficient construction costs and maintain and expedite the construction schedule by performing large portions of the work with our own equipment and personnel.

MANAGMENT CHART

E H.S.

Ensuring the safety of every employee – Our Company first duty is to ensure the occupational health and safety of its employees. Company's objective is to achieve zero accidents at our worksites and corporate sites. This objective applies to Our Company employees, temporary employees and subcontractor employees alike. Safety training is provided to all company employees, which help to ensure that every employee becomes actively involved in preventing accidents in his or her day-to-day behaviour. Management at all levels is closely involved in overseeing, implementing and monitoring safety policies.

Ensuring equal opportunities for all – Our Company upholds the principle of prohibiting discrimination on any grounds in hiring and labour relations. Human resource administration and, more broadly, employee relations are based on the principles of mutual trust and respect to ensure that everyone is treated with dignity. Above and beyond their role in fostering upward mobility, Our Company apply a proactive equal opportunities management policy focused in particular on gender equality and employment of the disabled, people of immigrant background and seniors.

Reducing the impact of our activities – In both construction and operation activities, Our Company strives to meet the highest environmental standards with respect to conservation of natural resources, energy consumption, waste management and biodiversity protection. The deployment of environmental management systems to supplement quality management systems promotes continuous development in this area.

OUR QUALITY

Our Company quality objectives are to complete projects in accordance with the agreed programme, specification and cost, to the highest standards of quality and efficiency whilst ensuring that statutory and regulatory requirements are complied with and client expectations are met.

Our Company is fully committed to the Quality Management System and its continued improvement, and has assigned responsibility in this regard to the Managing Personnel, whose duties include ensuring that Management Review meetings are held at regular intervals to review the system's effective operation and development.

The Company's Quality Management System conforms to the requirements of ISO. It is subject to regular examination and assessment by an independent certification authority, which ensures a process of constant evaluation and improvement. Our Company also conforms to Environment Management System (ISO) and Health & Safety Management System (OHSAS). This benefits our Clients and how we conduct our business, while enhancing the standing of Our Company in the construction industry.

Our efforts have been harmonized to represent different kind of investment and commercial aspects represented by our company **ALMRWAD for Supplying & General Services Ltd.** to accommodate all economic activities covering various parts of Iraq and beyond borders of our beloved country.

Almarwad specializes in pipeline logistics such as pipe transloading from rail spur to yard or yard to right-of-way, pipe storage and racking, and yard identification, preparation and maintenance. الشركات المتآلفة

- شركة أرياف البصرة للتجارة والمقاولات العامة تأسست عام 2003
- شركة قمة الابداع للخدمات النفطية والنقل البحري تأسست عام 2006
- شركة المروود الكويتية للمقاولات العامة والتجهيز تأسست عام 2007
- شركة مروود الخليج للمقاولات العامة المحدودة تأسست عام 2015

بدأت شركتنا بالعمل بشكل انفرادي، ثم اجتمعت اربع شركات (أرياف البصرة ، قمة الابداع ، المروود الكويتية، مروود الخليج) من جنسيات متعددة لتكون مجموعة واحدة تشمل على مختلف الاختصاصات، (الانشاءات ، التجهيز، الخدمات العامة ، الخدمات النفطية، التجارة ، النقل البحري، وغيرها)

لنكون قوة تنفيذية وفنية
وتقنية عظيمة

إجتماع الخبرات
في هدف واحد

نجاحاتنا

- ان ما قامت به شركتنا هو دليل على التطور والكفاءة التي لديها، وسر ذلك النجاح هو التجربة العريقة والواسعة التي خاضتها شركتنا في المجالات ذات العلاقة وكذلك قدرة كادرها من خبراء ومهندسين مخلصين على اداء واجباتهم والاعمال المكلفين بها على احسن وجه والتعاون بين الموظفين وبين مدراء اقسام الشركة وكذلك الادارة الكفوءة هي من اكبر الاسباب في النجاح. وقد بنت شركتنا جسراً من الثقة الكبيرة بينها وبين زبائننا .
- احتوت شركتنا على مجموعة من الكفاءات التقنية التي تتطلبها مرحلة البناء والاعمار في العراق مما جعلها في موقع فريد .
- ساهم هذا النجاح في شهرة واسعة لشركتنا على المستوى العالمي مما جعلها تتعامل مع شركات عالمية في مجال النفط والغاز والبناء والتجارة.

هدف الشركة

- تآلفت جهودنا لتمثل مختلف الواجه التجارية والاستثمارية ممثلة في شركتنا (شركة مجموعة المروود للمقاولات العامة المحدودة) لتستوعب جميع الانشطة الاقتصادية التي تغطي مختلف انحاء العراق وتبتعد الى خارج حدود بلدنا العزيز...
- ان افضل من يشار اليه في نجاح مجموعتنا هو الكادر المتميز والمتخصص والذي استخلص من عدت طلبات للتوظيف قدمت الى شركتنا فما كان علينا الا انتقاء الاصلح والعناصر الكفوءة المخلصة التي اثبتت ان نجاح الشركة هو هدفها الذي تنشده ...

لهذا نطمح ان نكون شركائكم في بناء بلدنا الحبيب...

لهذا نطمح ان نكون شركائكم في بناء بلدنا الحبيب...

وسوف تجدوننا شركاء موثوقون ...

النجاحات العظيمة
تستند الى خبرات عظيمة

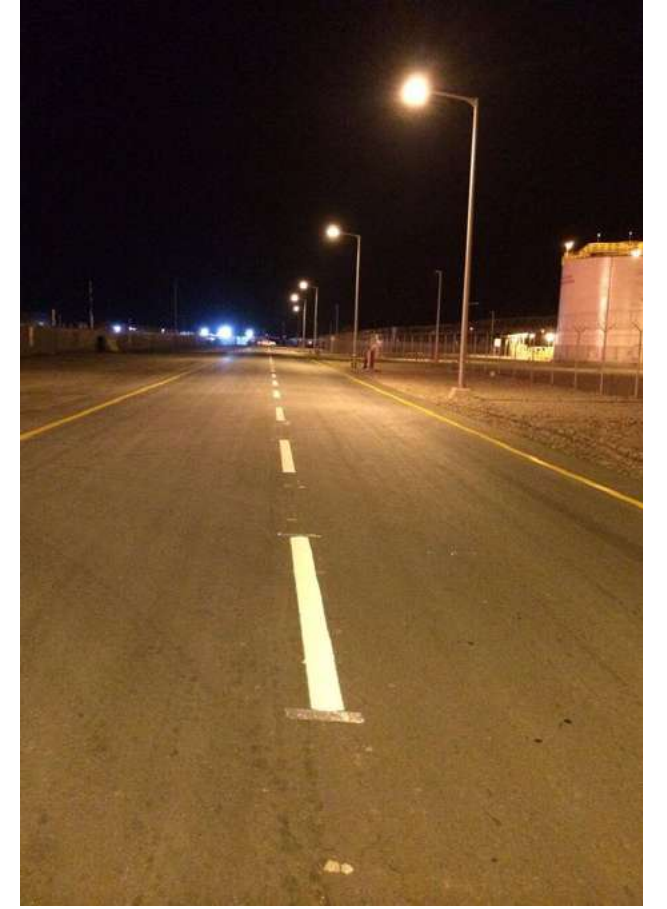

رؤية

تُعد مجموعة المروود واحدة من أهم المجموعات الاستثمارية والإنشائية التي يتوفر لديها أفضل الإمكانيات الهندسية في جميع المجالات المتعلقة بأعمال الإنشاءات والصرف الصحي والأعمال الميكانيكية والكهربائية، والأعمال الأخرى الخاصة بمقاولات الطرق والنفط والغاز ، إضافة إلى مشاريع البنية التحتية، من حيث إعداد التصاميم، والهندسة، والإنشاء، والتنفيذ بالإضافة إلى الإشراف في موقع الأعمال الإنشائية المسندة للمجموعة. كما تعمل المجموعة في تجارة المواد الإنشائية اللازمة لمشاريعها.

تتألف المجموعة من عدد من الشركات المحترفة التي تتمتع بسمعة ممتازة في قطاع الإنشاءات، وتعمل هذه الشركات محلياً وعالمياً في تنفيذ أعمال إنشائية في القطاعين العام والخاص علاوةً على علاقاتها مع المنظمات الدولية والشركات النفطية الكبرى العاملة في العراق.

مهمتنا

- تحقيق التكامل الهندسي والتعاون المهني بين جميع التخصصات ذات الصلة بقطاع البناء والإنشاءات: بدءاً من دراسة جدوى المشروع، و إعداد المخططات الهندسية الاستعانة بالاستشارات الفنية، وصولاً للتنفيذ بإستخدام أفضل مواد البناء حتى تسليم المشروع،
- بناء مستقبل زاهر بالاعتماد على العقول المدبرة لطواقمنا الماهرة وذلك من خلال مزج الماضي بالحاضر وتحقيق اهدافنا عبر مشاركة هذه العقول و انخراطها في مشاريع غاية في الأهمية،
- دعم حركة العمران والبناء ورعايتها والمضي بها قدماً وذلك بتبني رؤية هندسية فكرية خلّاقة للمستقبل.وعالمياً في تنفيذ أعمال إنشائية في القطاعين العام والخاص.

رسالة المدير العام

منذ غرسنا بذرتنا الأولى في منتصف التسعينات من القرن الماضي، بتأسيس أولى شركاتنا، رفعنا سقف الطموحات، فجعلنا السماء سقفاً لطموحاتنا، وجعلنا نصب أعيننا جملة من الأهداف التي نسعى من خلالها لبناء مجموعة متكاملة من الشركات والمؤسسات، التي تعمل بتكاتف يداً بيد في قطاع المقاولات والأعمال الإنشائية المتكاملة، وتستثمر طاقات أبنائنا وشبابنا فتصقلها وتخرج خير ما فيها، وتبرز ما كمن فيها من إبداع ومبادرة، وتسخر هذه الطاقات والكفاءات والخبرات للإنتاج والإعمار، فتبني هذا الوطن، وتدفعه ليتبوأ المكانة التي يستحقها بين الأمم.

ومنذ ذلك الحين علمنا أن هذا الطريق لن يكون هيناً ولا سهلاً، ولا بالتمني تُنال الرغائب، فكرسنا أنفسنا للعمل والجهد، ووصلنا الليل بالنهار، فعملنا ملء طاقتنا، وأعطينا ملء قلوبنا، كي لا نلوم أنفسنا على جهد إدخرنه، ولا وقت ضيعناه.

واليوم، وبعد ما يقرب من ثلاثين عاماً، ننظر خلفنا فنرى وطننا كبيراً زرعنا في كل بستان فيه شجرة، بنينا مستشفى هناك، أو مدرسة هنا، ومسكنا في ذلك الحي ومحطة للكهرباء في تلك القرية، ونرى فينا شباباً جاؤونا ببذرة طيبة صالحة، فشابوا بيننا وقد نمت بذرتهم فأزهرت، لتثمر عن قادة يتولون زمام الأمور معنا، ونجد خلفنا ما يزيد عن عشرين مؤسسة، هذه ترسم وتلك تبني وأخرى تزود، عائلة واحدة، تخدم ما يزيد عن ستمائة عائلة أرسلت واحداً على الأقل من أبنائها ليكون فرداً من عائلتنا، فنزداد يقيناً

بأننا على الطريق الصحيح، وإن الرحلة قد بدأت للتو.
